Covered expenses for any prescribed drug will not exceed the price of the lower cost alternative drug that can legally be used to fill the prescription, as listed in the Provincial Drug Benefit Formulary or a lower cost alternative that provides therapeutically similar results as identified by Manulife Financial.

Manulife Financial can limit the covered expense for any drug to that of a lower cost interchangeable drug at the time the drug is purchased.

If there is no lower cost alternative drug for the prescribed drug, the amount payable is based on the cost of the prescribed drug.

- No Substitution Prescriptions

If your prescription contains a written direction from your physician or dentist that the prescribed drug is not to be substituted with another product and the drug is a covered expense under this benefit, the full cost of the prescribed product is covered.

When you have a "no substitution prescription", please ask your pharmacist to indicate this information on your receipt, when you pay for the prescription. This will help to ensure that your expenses will be reimbursed appropriately when your claim is submitted to Manulife Financial for payment.

Payment of your covered drug expenses will be subject to any Drug Deductible, any Drug Dispensing Fee Maximum, the Benefit Percentage for drugs and any maximum.

- Payment of Drug Claims

Your Pay Direct Drug Card provides your pharmacist with immediate confirmation of covered drug expenses. This means that when you present your Pay Direct Drug Card to your pharmacist at the time of purchase, you and your eligible dependents will not incur out-of-pocket expenses for the full cost of the prescription.

The Pay Direct Drug Card is honoured by participating pharmacists displaying the appropriate Pay Direct Drug decal.

To fill a prescription for covered drug expenses:

- a) present your Pay Direct Drug Card to the pharmacist at the time of purchase, and
- b) pay any amounts that are not covered under this benefit.

You will be required to pay the full cost of the prescription at time of purchase if:

- you cannot locate a participating Pay Direct Drug pharmacy

Why Group Benefits?

Government health plans can provide coverage for such basic medical expenses as hospital charges and doctors' fees. In case of disability, government plans (such as Employment Insurance, Canada/Quebec Pension Plan, Workers' Compensation Act, etc.) may provide some financial assistance.

But government plans provide only basic coverage. Medical expenses or a disability can create financial hardship for you and your family.

Private health care and disability programs supplement government plans and can provide benefits not available through any government plan, providing security for you and your family when you need it most.

Your Employer's Representative

Your employer is responsible for ensuring that all employees are covered for the Benefits to which they are entitled by reporting all new enrolments, terminations, changes, etc., and keeping all records up to date.

As a member of this Group Benefit Program, it is up to you to provide your employer with the necessary information to perform such duties.

Your Employer's representative is _____
Phone Number: _____

Please record the name of your representative and the contact number in the space provided.

Applying for Group Benefits

To apply for Group Benefits, you must submit a completed Enrolment or Re-enrolment Application form, available from your employer. Your employer then forwards the application to Manulife Financial.

Making Changes

To ensure that coverage is kept up to date for yourself and your dependents, it is vital that you report any changes to your employer. Such changes could include:

- change in Dependent Coverage
- change in Beneficiary
- applying for coverage previously waived
- change in Name

The Claims Process

Naming a Beneficiary

Manulife Financial does not accept beneficiary designations for any benefits other than Employee Optional Life Insurance.

This Plan contains a provision removing or restricting the right of the covered person to designate persons to whom or for whose benefit money is to be payable.

How to Submit a Claim

All claim forms, available from the Group Benefits Secure Site – www.manulife.ca/groupbenefits, must be correctly completed, dated and signed. Remember, always provide your Group Policy Number, Plan Document Number and your Certificate number (found on your Group Benefit Card) to avoid any unnecessary delays in the processing of your claim.

Your employer can assist you in properly completing the forms, and answer any questions you may have about the claims process and your Group Benefit Program.

You may not commence legal action against the Employer or the Administrator less than 60 days after proof has been filed as outlined under Submitting a Claim. Every action or proceeding against the Employer or the Administrator for the recovery of money payable under the plan is absolutely barred unless commenced within the time set out in the Insurance Act or applicable legislation.

Payment of Extended Health Care and Dental Claims

Once the claim has been processed, Manulife Financial will send a Claim Statement to you.

The top portion of this form outlines the claim or claims made, the amount subtracted to satisfy deductibles, and the benefit percentage used to determine the final payment to be made to you. If you have any questions on the amount, your employer will help explain.

The bottom portion of this form is your claims payment, if applicable. Simply tear along the perforated line, endorse the back of the cheque and you can cash it at any chartered bank or trust company.

You should receive settlement of your claim within three weeks from the date of submission to Manulife Financial. If you have not received payment, please contact your employer.

Co-ordination of Extended Health Care and Dental Care Benefits

If you or your dependents are covered for similar benefits under another Plan, this information will be taken into account when determining the amount of expenses payable under this Program.

This process is known as Co-ordination of Benefits. It allows for reimbursement of covered medical and dental expenses from all Plans, up to a total of 100% of the actual expense incurred.

Plan means:

- other Group Benefit Programs,
- any other arrangement of coverage for individuals in a group, and
- individual travel insurance plans.

Plan does not include school insurance or Provincial Plans.

Order of Benefit Payment

A variety of circumstances will affect which Plan is considered as the “Primary Carrier” (i.e., responsible for making the initial payment toward the eligible expense), and which Plan is considered as the “Secondary Carrier” (i.e., responsible for making the payment to cover the remaining eligible expense).

- If the other Plan does not provide for Co-ordination of Benefits, it will be considered as the Primary Carrier, and will be responsible for making the initial payment toward the eligible expense.
- If the other Plan does provide for Co-ordination of Benefits, the following rules are applied to determine which Plan is the Primary Carrier.

- For Claims incurred by you or your Dependent Spouse:

The Plan covering you or your Dependent Spouse as an employee/member pays benefits before the Plan covering you or your Spouse as a dependent.

In situations where you or your Spouse have coverage as an employee/member under more than one Plan, the order of benefit payment will be determined as follows:

- The Plan where the person is covered as an active full-time employee, then
- The Plan where the person is covered as an active part-time employee, then
- The Plan where the person is covered as a retiree.

- For Claims incurred by your Dependent Child:

The Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.

However, if you and your Spouse are separated or divorced, the following order applies:

- The Plan of the parent with custody of the child, then
 - The Plan of the spouse of the parent with custody of the child (i.e., if the parent with custody of the child remarries or has a common-law spouse, the new spouse’s Plan will pay benefits for the Dependent Child), then
 - The Plan of the parent not having custody of the child, then
 - The Plan of the spouse of the parent not having custody of the child (i.e., if the parent without custody of the child remarries or has a common-law spouse, the new spouse’s Plan will pay benefits for the Dependent Child).
- Where you and your spouse share joint custody of the child, the Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.

The Claims Process

- A claim for accidental injury to natural teeth will be determined under Extended Health Care Plans with accidental dental coverage before it is considered under Dental Plans.
- If the order of benefit payment cannot be determined from the above, the benefits payable under each Plan will be in proportion to the amount that would have been payable if Co-ordination of Benefits did not exist.
- If the person is also covered under an individual travel insurance plan, benefits will be co-ordinated in accordance with the guidelines provided by the Canadian Life and Health Insurance Association.

Submitting a Claim for Co-ordination of Benefits

To submit a claim when Co-ordination of Benefits applies, refer to the following guidelines:

- As per the Order of Benefit Payment section, determine which Plan is the Primary Carrier and which is the Secondary Carrier.
- Submit all necessary claim forms and original receipts to the Primary Carrier.
- Keep a photocopy of each receipt or ask the Primary Carrier to return the original receipts to you once your claim has been settled.
- Once your claim has been settled by the Primary Carrier, you will receive a statement outlining how your claim has been handled. Submit this statement along with all necessary claim forms and receipts to the Secondary Carrier for further consideration of payment, if applicable.

- are a part-time operations staff employee of College of New Caledonia and work at least the Required Number of Hours,

- are younger than the Termination Age,
- for Extended Health Care and MTB benefits, are covered under the Provincial plan,

Required Number of Hours

Part-time Operational Staff under Plan E - at least 25 hours or more per week

Part-time Operational Staff under Plan F - an average of at least 15-24 hours per week

Medical evidence is required for all benefits, except Dental, when you make a Late Application for coverage on any person. Medical evidence is required when you apply for coverage in excess of the Non-Evidence Limit.

Late Application

- apply for benefits more than 31 days after the date benefits terminated under your spouse's plan, or
- apply for benefits, and benefits under your spouse's plan have not terminated.

Medical evidence can be submitted by completing the Evidence of Insurability form, available from your employer. Further medical evidence may be requested by Manulife Financial.

Late Dental Application

If you apply for coverage for Dental for yourself or your dependents late, the benefit will be limited to \$300 for each covered person for the first 12 months of coverage.

Who Qualifies for Coverage?

Waiver of Premium

If you become Totally Disabled while insured and prior to age 65 and meet the Entitlement Criteria outlined below, your Life Insurance will continue without payment of premium.

Your Group Benefits

Definition of Totally Disabled

Totally Disabled means a restriction or lack of ability due to an illness or injury which prevents you from performing any and every duty of:

- your own occupation, during the Qualifying Period and the 24 months immediately following the Qualifying Period
- any occupation for which you are qualified, or may reasonably become qualified by training, education or experience, after the 24 months specified above

The availability of work will not be considered by Manulife Financial in assessing your disability.

If you must hold a government permit or licence to perform the duties of your job, you will not be considered Totally Disabled solely because your permit or licence has been withdrawn or not renewed.

Entitlement Criteria

To be entitled to Waiver of Premium, you must meet the following criteria:

- you must be continuously Totally Disabled throughout the Qualifying Period. If you cease to be Totally Disabled during this period and then become disabled again within 14 days due to the same or related illness or injury, your Qualifying Period will be extended by the number of days during which you ceased to be Totally Disabled
- Manulife Financial must receive medical evidence documenting how your illness or injury causes restrictions or lack of ability, such that you are prevented from performing any and every duty of:
 - your own occupation, during the Qualifying Period and the following 24 months, and
 - any occupation for which you are qualified, or may reasonably become qualified by training, education or experience, after the 24 months specified above
- you must be receiving from a physician, regular, ongoing care and treatment appropriate for your disabling condition, as determined by Manulife Financial

At any time, Manulife Financial may require you to submit to a medical, psychiatric, psychological, functional, educational and/or vocational examination or evaluation by an examiner selected by Manulife Financial.

Termination of Waiver of Premium

Your Waiver of Premium will cease on the earliest of:

- the date you cease to be Totally Disabled, as defined under this benefit
- the date you do not supply Manulife Financial with appropriate medical evidence documenting how your illness or injury causes restrictions or lack of ability, such that you are prevented from performing any and every duty of:
 - your own occupation, during the Qualifying Period and the following 24 months, and
 - any occupation for which you are qualified, or may reasonably become qualified by training, education or experience, after the 24 months specified above
- the date you are no longer receiving from a physician, regular, ongoing care and treatment appropriate for the disabling condition, as determined by Manulife Financial

- the date you do not attend an examination by an examiner selected by Manulife Financial
- the date of your death
- the date of your 65th birthday

Recurrent Disability

If you become Totally Disabled again from the same or related causes as those for which premiums were previously waived, and such disability recurs within 6 months of cessation of the Waiver of Premium benefit, Manulife Financial will waive the Qualifying Period.

Your amount of insurance on which premiums were previously waived will be reinstated.

If the same disability recurs more than 6 months after cessation of your Waiver of Premium benefit, such disability will be considered a separate disability.

Two disabilities which are due to unrelated causes are considered separate disabilities if they are separated by a return to work of at least one day.

Conversion Privilege

In the event that a provincial plan or government-sponsored program or plan or legally mandated program excludes, discontinues or reduces payment for any services, treatments or supplies formerly covered in full or in part by such plan or program, this plan will not automatically assume coverage of the charges for such treatments, services or supplies, but will reserve the right to determine, at the time of change, whether the expenses will be considered eligible or not.

This plan will not automatically assume eligibility for all drugs, services and supplies. New drugs, existing drugs with new indications, services and supplies are reviewed by Manulife Financial using the due diligence process. Once this process has been completed, the decision will be made by Manulife Financial to include as a covered expense, include with prior authorization criteria, exclude or apply maximum limits.

Manulife Financial maintains a list of drugs, services and supplies that require prior authorization. Prior authorization is applied to ensure that the therapy prescribed is medically necessary. Where there are lower cost alternative treatments or prescribing guidelines recommend alternative drugs be tried first that are lower in cost, you or your eligible dependents will be required to have tried an alternative treatment unless medical contraindications to alternative treatments exist.

At Manulife Financial's discretion, medical information, test results or other documentation will be required from your physician to determine the eligibility of the drug, service or supply.

Manulife Financial has the right to ensure you or your dependents access Manulife Financial's exclusive distribution channels where applicable when purchasing a drug, service or supply. Manulife Financial may decline a drug, service or supply purchased from a provider outside the exclusive distribution channel.

Adherence

Non-compliance may result in the drug, service or supply no longer being eligible for reimbursement.

Patient Assistance Programs

Manulife Financial may require you or your dependents to apply to and participate in any patient assistance program to which you or your dependents are entitled. Manulife Financial reserves the right to reduce the amount of a covered expense by the amount of financial assistance you or your dependents are entitled to receive under a patient assistance program.

Late Entrant Limitation

If you or your dependents become covered for dental benefits more than 31 days after you first become eligible to apply, the amount payable in the first 12 months of coverage will be limited to \$300 for each covered person.

Pre-Determination of Benefits

If the cost of any proposed dental treatment is expected to exceed \$500, it is suggested that you submit a detailed treatment plan, available from your dentist, before the treatment begins. You can then be advised of the amount you are entitled to receive under this benefit.

Work in Progress When Coverage Terminates

Covered expenses related to dental treatment that was in progress at the time your dental benefits terminate (for reasons other than termination of the Plan Document or the Dental Care Benefit) are payable, provided the expense is incurred within 31 days after your benefit terminates.

Submitting a Claim

To submit a claim, you and your dentist must complete a Dental Claim form available from your employer.

All claims must be submitted within 15 months after the date the expense was incurred.

Subrogation (Third Party Liability)

If your dental expenses result from an injury caused by another person and you have the legal right to recover damages, your employer may request that you complete a subrogation reimbursement agreement when you submit a claim for such expenses.

On settlement or judgement of your legal action, you will be required to reimburse your employer those amounts you recover which, when added to the payments you received from your employer, exceed 100% of your incurred expenses.

Exclusions

No Dental Care benefits will be payable for expenses resulting from:

- a charge, or a portion of a charge, which is eligible for reimbursement under any other part of this plan, or through a government plan or legally mandated program
- charges which were considered an insured service of any provincial government plan at the time this plan benefit was issued and subsequently were modified, suspended or discontinued
- services or supplies which were necessitated either wholly or partly, directly or indirectly as the result of committing, attempting, or provoking an assault or criminal offence, or by a war or act of war (whether declared or undeclared), insurrection or riot, or hostilities of any kind
- charges for broken appointments, third party examinations, travel to and from appointments, or completion of claim forms
- charges for services or supplies:
 - when there would have been no charge at all in the absence of plan benefit coverage
 - which are received from a medical or dental department maintained by an employer, association or trade union
 - which are performed or provided by the covered person, an immediate family member or a person who lives with the covered person
 - which are not specified as a covered expense under this benefit;
- treatment rendered for a full mouth reconstruction, for a vertical dimension, or for a correction of temporomandibular joint dysfunction
- cosmetic treatment, unless this is needed because of an accidental injury which occurred while the person was covered under this Plan
- implants, or any services rendered in conjunction with implants. However, where an implant is the choice of treatment and a denture or bridge would produce professionally adequate results for the condition, the Administrator, acting on behalf of your Employer, will consider benefits as if the least expensive of a denture or bridge were used
- treatment which is not generally recognized by the dental profession as an effective, appropriate and essential form of treatment for the dental condition
- the replacement of removable appliances which are lost, mislaid or stolen
- laboratory fees which exceed Reasonable and Customary charges, as determined by your Employer or the Administrator

Your Group Benefits

- related hospital charges as a result of dental surgery
- services or supplies which are not medically necessary to the care and treatment of any existing or suspected injury, or disease

Survivor Extended Benefit

If you die while your dependents are covered under this Group Benefit Program, your employer will continue the Extended Health Care benefits without requiring any contribution from you, until the earliest of:

- the date your dependent is no longer a dependent, according to the definition of dependent (see Explanation of Commonly Used Terms)
- the date similar coverage is obtained elsewhere
- the date which is 12 months from your death, or
